### **RESEARCH TIPS**

We have produced a series of daily "How-To's" on various areas of legal research.
These answer questions we as Library staff are frequently asked and include free webbased sources, hard copy materials and subscription-based databases.

# RE-OPENING THE LIBRARY SAFELY

Our priority is to maintain a Library space in which users can feel comfortable and confident that all precautions have been taken on their behalf.

In order to ensure a safe environment for our users when the Inner Temple Library is open, we have brought in certain measures which will impact upon the way the Library operates.
